## CORROSION PROTECTION SOLUTIONS

### ABOUT US

Chemoflon Industries was established in 1971 to specialize in Anti Corrosive Products. Since then we have considerably extended our influence in Anti Corrosion Installation and have grown our range of various Anti Corrosive products.

Neo Chemoflon Pvt. Ltd. came into the existence in the Year 1991 to cover Larger areas of supply and application of Anti Corrosive materials in the industries .Our factory is situated at Santej Industrial Area, near Ahmedabad operating with full fledged production of Anti Corrosive materials serving , the Chemical Industry, Fertilizer, Refinery & Petrochemicals, Steel , Metal and Wire Industry ,Pulp & Paper Industries, Food and Beverage Industry etc.

Our Anti corrosion construction division specializes in the design and construction of plants and plant sections where aggressive materials are handled or processed, in the protection of buildings and structures against corrosion, abrasion and thermal effects through the sales and installations of a wide range of abrasion and corrosion resistance products. Majority of the products are of our own development and manufacture.

### OUR MISSION

We shall provide total customer satisfaction and achieve leadership in our products and services across the globe, through excellence in technology and continuous improvement in all our areas of business.

Driven by high professional standards in our practices, we shall lead the industry in our area of operation by building a sound customer base with high quality of products, competitive pricing and cost effective operations.

We shall continuously upgrade our technology, systems and procedures to achieve regulatory compliance of national and international standard.

### INDUSTRIES WE SERVE

Power

Pulp & Paper

Oil & Gas

Chemical

Pharma

Food

Petro-chemical

Water-Treatment

Manu-facturing

Auto-Mobile

Electro-nics

Metal

### OUR SERVICES

#### CONSTRUCTION & LININGS

We undertake all kinds of Supply & Application of Acid/Alkali Resistant Linings for all Industries across the globe. We specialize in Linings for Floors, Towers, Chests, Foundations, Drains, Pits, Rooms etc. utilizing our Highly Skilled Workforce.

#### CONTRACTING

We undertake Turn-Key contracts involving the Supply & Application of Acid/ Alkali Resistant Linings.

#### REFRACTORY

We have a dedicated Refractory Division to undertake all Kinds of Supply & Application of Refractory Linings utilizing our Highly Skilled Workforce.

“

We strive to provide  
Solutions to all Chemical  
Attacks for all Industries

”

# Our Products

## • Resins

We manufacture wide variety of Resins for wide variety of Applications in various Industries.

- Epoxy Resin
- Vinyl-Ester Resin
- Poly-Ester Resin
- Furan Resin
- CNSL Resin
- Phenolic Resin

## • Acid/Alkali Resistant Cement Mortars

We manufacture wide variety of Resins for wide variety of Applications in various Industries.

- Epoxy Resin based A/A Resistant Cement Mortar
- Vinyl-Ester Resin based A/A Resistant Cement Mortar
- Poly-Ester Resin based A/A Resistant Cement Mortar
- Furan Resin based A/A Resistant Cement Mortar
- CNSL Resin based A/A Resistant Cement Mortar
- Phenolic Resin based A/A Resistant Cement Mortar
- Silicate based A/A Resistant Cement Mortar

## • Industrial Paints

We manufacture wide variety of industrial Paints for wide variety of Applications in various Industries.

- Epoxy Resin based Paints & Coatings
- Polyurethane based Paints & Coatings

Paints available in wide variety of colors to be selected as per the Shade card.

## • Acid/Alkali Resistant Tiles & Bricks

We manufacture industrial grade Acid/Alkali resistant Tiles & Bricks in various Shapes and Sizes.

- A/A Resistant Tiles ( L x B x W ) (Glazed/Unglazed Vitrified tiles)
  - 200 x 100 x 10/12/15/20/25 mm
  - 300 x 300 x 10/12/15/20/25 mm
  - 230 x 115 x 10/12/15/20/25 mm
  - 600 x 600 x 10/12/15 mm
- A/A Resistant Bricks ( L x B x W )
  - 230 x 115 x 38 mm
  - 230 x 115 x 65 mm
  - 230 x 115 x 75 mm

Tiles available in suitable colors as per Application.

## • Refractory Materials

We manufacture wide variety of Refractory Materials for wide variety of Applications depending upon the Density and Service Temperature.

- Fire and Insulation Bricks
- Ceramic Fibre Modules and Ceramic Fibre Vacuum Formed Peepholes
- Roof Burner Tiles
- Insulation Block
- Castables & Mortars

## • Miscellaneous Products & Consumables

We also manufacture other Miscellaneous Products and Consumables for Lining Materials

- FRP CSM & Surface Mat
- Bitumen Primer
- Bitumen Mastic
- Potassium / Sodium Silicate
- Carbon Bricks
- Silica Powder

# Our Services

## • Industrial Lining

We undertake all types of Industrial lining for protection against Acid/Alkali Attacks in various Industries.

- Acid/ Alkali Resistant Tile Lining
- Acid/ Alkali Resistant Brick Lining
- FRP Lining
- Bitumen Mastic Lining
- Carbon Brick Lining

## • Specialized Flooring

We undertake all types of Industrial Floorings for protection against Acid/Alkali Attacks in various Industries.

- Epoxy based Heavy-duty Industrial Flooring
- Poly-Urethane based Heavy-duty Industrial Flooring
- Covings
- Walk-ways

All floorings available in wide range of colours and various finishes such as Glossy or Mat etc. as per the suitability.

## • Refractory Lining

We undertake all types of Refractory Linings for protection against Acid/Alkali Attacks & High Temperature exposure in various Industries.

- Anchor Installation
- Fire and Insulation Brick Installation
- Roof Burner Tiles Installation
- Ceramic Fibre & Modules Installation
- Refractory Castable Installation
- Shuttering

## Epoxy based Construction

We undertake all types of Constructions using Epoxy Cement Mortar

- Civil Structures using Epoxy Cement Mortar
- Epoxy Grouting

“

Committed to Quality.  
Committed to You.

”

## • Civil Rehabilitation

We undertake all types of Civil Rehabilitation Constructions using Epoxy Cement Mortar

- Repairing of Beams, Columns, Stairs, Floors, Ceilings & other Structures using Epoxy Cement Mortar

# R & D

The success of the company all these years has been marked by constant Research and Development and adherence to the stringent quality requirement Standards.

Focus of the company on quality and research and development is high and constantly evolving regularly to push the effectiveness of the R&D and Quality to new boundaries.

Consistent R&D has lead to the creation of new products and have also ensured improvements in the existing products.

“

**We strive to foster  
Innovation & Make a  
Difference.**

”

# QUALITY ASSURANCE

## **Quality Objective :**

Quality has played an important role in every surface of our business activity. The basic objective of the company's team management is to supply only quality products and maintain utmost Installation Quality which can get the customer's necessary & essential requirement as per international standards of performance, quality, & reliability.

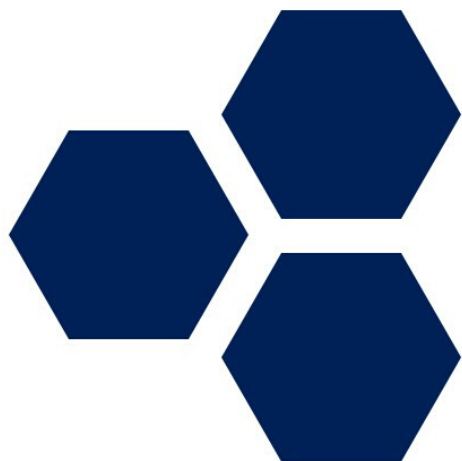

## **Quality Policy :**

The company's Quality policy is to maintain an efficient and specified Total Quality Management Program developed to see that the client's quality requirements are maintained persistently. Computer aided machineries and knowledgeable & experienced people are involved in the process to satisfy the Client's needs and to ensure Total Quality Control. Our In-House testing laboratories helps in maintaining the quality to the prescribed standards.

# Our Clients

We have a wide base of reputed Industries pan India as our clients to whom we provide service regularly and satisfactorily.
